New Growth, New Goals, Same Solid Team.

Spring has officially arrived—and just like the new plants sprouting all around us, we're seeing fresh opportunities and growth everywhere we look. From new projects breaking ground to expanding relationships with our partners, it's clear that this season is all about forward momentum.

Friendly Reminders

The dock and door industry **never slows down**, and **neither do we**. Every project is a chance to sharpen our skills, exceed expectations, and show the *strength of our team*.

Sargent is celebrating **2 years** with CMHIS! His consistent work ethic and attention to detail have been instrumental in our success. **Thanks for bringing your best every day**, Sargent—we're lucky to have you on the crew!

Chris, one of our newer team members, has already hit the ground running—completing his **Rytec Courses** with flying colors. That's the kind of initiative we love to see.

Congrats, Chris!
